CUB SCOUT LEADER TRAINING

Wood Badge

Scouting's most advanced adult leadership training course

Trainer's EDGE.

Trainer courses are applicable for those who train adult leaders

Outdoor Training

- At least one adult on any outdoor activity must be appropriately trained.

Leader-Specific Training

- You should take the applicable course for your position, and re-take the training when you change positions

Basic Training

- ALL new leaders should take these three courses immediately. Fast Start, Youth Protection and This Is Scouting can be taken online.

NOTE – Cubmasters and Webelos leaders may also take Buckskin Trail. It does not substitute for either OWL or BALOO, but it is a useful course for learning what the Boy Scout program is about. The outdoor skills supplement what is learned in BALOO and OWL
